

§ 10.779

the applicable subheading in Chapter 99 of the HTSUS (9912.99.20) immediately above the applicable subheading in Chapters 51 through 62 of the HTSUS under which each non-originating fabric or apparel good is classified.

§ 10.779 Goods eligible for tariff preference claims.

The following goods are eligible for a TPL claim filed under § 10.778 of this subpart:

(a) *Fabric goods.* Fabric goods provided for in Chapters 51, 52, 54, 55, 58, and 60 of the HTSUS that are wholly formed in Morocco, regardless of the origin of the fiber or yarn used to produce the goods, provided that they meet the applicable conditions for preferential tariff treatment under the MFTA, other than the condition that they are originating; and

(b) *Apparel goods.* Apparel goods provided for in Chapters 61 and 62 of the HTSUS that are cut or knit to shape, or both, and sewn or otherwise assembled in Morocco, regardless of the origin of the fabric or yarn used to produce the goods, provided that they meet the applicable conditions for preferential tariff treatment under the MFTA, other than the condition that they are originating goods.

§ 10.780 Transshipment of non-originating fabric or apparel goods.

(a) *General.* To qualify for preferential tariff treatment under an applicable TPL, a good must be imported directly from the territory of a Party into the territory of the other Party. For purposes of this subpart, the words “imported directly” mean:

(1) Direct shipment from the territory of a Party into the territory of the other Party without passing through the territory of a non-Party; or

(2) If the shipment passed through the territory of a non-Party, the good, upon arrival in the territory of a Party, will be considered to be “imported directly” only if the good did not undergo production, manufacturing, or any other operation outside the territories of the Parties, other than unloading, reloading, or any other operation necessary to preserve it in good condition or to transport the good to the territory of a Party. Operations

that may be performed outside the territories of the Parties include inspection, removal of dust that accumulates during shipment, ventilation, spreading out or drying, chilling, replacing salt, sulfur dioxide, or other aqueous solutions, replacing damaged packing materials and containers, and removal of units of the good that are spoiled or damaged and present a danger to the remaining units of the good, or to transport the good to the territory of a Party.

(b) *Documentary evidence.* An importer making a claim for preferential tariff treatment under an applicable TPL may be required to demonstrate, to CBP’s satisfaction, that the good was “imported directly” from the territory of a Party into the territory of the other Party, as that term is defined in paragraph (a) of this section. An importer may demonstrate compliance with this section by submitting documentary evidence. Such evidence may include, but is not limited to, bills of lading, airway bills, packing lists, commercial invoices, receiving and inventory records, and customs entry and exit documents.

§ 10.781 Effect of noncompliance; failure to provide documentation regarding transshipment of non-originating fabric or apparel goods.

(a) *Effect of noncompliance.* If an importer of a good for which a TPL claim is made fails to comply with any applicable requirement under this subpart, the port director may deny preferential tariff treatment to the imported good.

(b) *Failure to provide documentation regarding transshipment.* Where the requirements for preferential tariff treatment set forth elsewhere in this subpart are met, the port director nevertheless may deny preferential tariff treatment to a good for which a TPL claim is made if the good is shipped through or transshipped in a country other than a Party, and the importer of the good does not provide, at the request of the port director, evidence demonstrating to the satisfaction of the port director that the requirements set forth in § 10.780 of this subpart were met.
